

# FIRST AID KIT

ANSI 2015 COMPLIANT

# In 2015 ANSI updated the requirements of a First Aid Kit

## Meeting the new requirements

The new standard, ANSI / ISEA Z308.1-2015, exceeds the previous 2009 standard for a first aid kit and increases the required contents.

You might already have a first aid kit in your dental office. However, it is likely that your first aid kit does not comply with the most recent ANSI guidelines, which auditors may use when assessing your practice.

HealthFirst offers a first aid kit that is compliant with the 2015 ANSI requirements, helping ensure that you are practice ready and compliant.

## HealthFirst First Aid Kit contains the supplies required by ANSI to manage common workplace injuries.

### First Aid Kit Contents

Description	Qty per Box	Box Reorder Number	SmartTab Identifier
<b>Plastic Bandages</b>			
Patch Plastic Bandages, 1½" x 1½"	10	1008980	FAE-3000

# HealthFirst's SmartCompliance First Aid System

The innovative SmartCompliance First Aid System redefines dental office first aid, offering a comprehensive solution that is easy to maintain.

## Smart Cabinet Design

- Unique cabinet design eliminates disorganized and missing supplies
- Clearly labeled compartments including ANSI color code identification are easy to use and restock
- Expansion pockets allow further customization of the contents

## SmartTab ezRefill System

- Each separate section has a bright yellow SmartTab that is revealed about halfway through the supply, indicating it is time to reorder
- Each SmartTab provides reorder information so that it's ready at your fingertips
- This revolutionary reordering system simplifies replenishment for you

Your partner for practice readiness
